Literature Search Summary

A literature search was conducted in March 2015 to identify evidence for the *ACR Appropriateness Criteria® Chylothorax Treatment Planning* topic. Using the search strategy described above, 117 articles were found. Forty articles were used in the topic. The remaining articles were not used due to either poor study design, the articles were not relevant or generalizable to the topic, or the results were unclear or biased.

The author added 12 citations from bibliographies, websites, or books that were not found in the literature search.
