A literature search was conducted in June 2014 and updated in April 2016 to identify evidence for the ACR Appropriateness Criteria® Chronic Extremity Joint Pain-Suspected Inflammatory Arthritis topic. Using the search strategies described above, 5323 articles were found. Thirty-five articles were used in the topic. The remaining articles were not used due to either poor study design, the articles were not relevant or generalizable to the topic, or the results were unclear, misinterpreted, or biased.

The author added 9 citations from bibliographies, websites, or books that were not found in the literature search. One citation is a supporting document that was added by staff.
